Beer In the Home

Your home will be healthier when you make free use of a good beer.

The sturdiest peoples of the world drink beer---drink it from childhood to age.

The early history of our country proves the benefit of drinking beer, for the men who guided the young nation through the trials and perils of war and internal dissensions were men who not only drank beer but personally interested themselves in the brewing.

Knowing the value of beer as a food for mind and body they encouraged its use by those about them.

The proper drinking of beer is good for the weak and the well.

Be sure to order for your home.
